Distressed Distillers.

By Telegraph to the News.

NEW YORK, Oct. 28.—A special from Nashville says that three hundred illicit distillers, who have been before the United States Court during the last week, have been hopelessly demoralized in consequence of the heavy penalties imposed. Sixty persons have been fined from one hundred to one thousand dollars, and sentenced to imprisonment's of from one to six months in jail. As they had been allowed to do pretty much as they pleased in their home institutions for the confinement of criminals, they have been sent this week to Nashville, Franklin and Columbia jails, where they will undergo close confinement.

One hundred and fifty Moonshiners, in consequence of these sentences, have fled to the mountains, forfeiting their lands.

Twenty-five prisoners have been discharged, on a promise to never again practice illicit distilling.

THOSE CIGAR BOXES.

Vox Populi! "Many Democrats" Down on the "Cigar Box Election."

Correspondence of the News.

WAKE COUNTY, N. C., Oct. 28.

If you will allow a space to a constant reader of the NEWS and a friend to the Democratic party, I want to say that me and a good many of the neighbors, that's going to sign to this piece, don't exactly agree with your editorial about voting for Senator in Jo. Haywood's boxes. We think that is the surest way to split up the party. Most folks about in this township didn't look for nothing to come of Capt. Busbee's motion nohow, leastwise the part about holding a mock election, because the first resolution it said the candidates of the Democratic party would pledge to abide by the caucus of the party, and lawyer Snow and Dr. Richardson run through on that platform; so that is all that any Democrat wants to know. If we let them make our laws, we reckon we can stand to allow them to pick a Senator. I'm for Vance, and always was, and nigh about every man you meet that lives by hard manual labor is for him again the field; but I don't see no use in this here cigar box election. Its bound to make a split. I heard a fellow say the other day—an' he was a good Democrat—"well, if you vote for Merrimon, I'll vote for Turner," and he stuck to it. Now the newspapers is slamming at old Joe, but if they don't look sharp it'll be like it was when the reports from Orange county came in. Ady way, if Col. Davis is elected, its got to be a long pull, a strong pull, a dead pull altogether. Now brother Democrats don't you think it's all foolishness to bring up this quarrel about the Senator, because, don't you know its going to make fusses all round the country. I heard in town a Saturday that Mr. Busbee fetched in that motion in the county meeting to quiet down hard feelings in the August campaign; but it'll do a heap more harm now, for there's men all about the county as won't go to the polls for fear of being accused of sticking to Vance or Merrimon. It won't nigh do. Now folks is counting on carrying Wake for Col. Davis, and it looks like he might, if Jo Turner and Wiley Jones keep a running. But you know the Radicals always fix things before voting time, so if Jo Davis carries the county, this cigar box election will have to be put off till Christmas, or nigh about then.

Another thing: how does it come that Merrimon tickets is scattered all about, and nobody hasn't seen no Vance tickets? It don't look right. But me and all my neighbors are against the whole thing. I hope, Mr. Editor, you and Capt. Ashe will advise against it. If you don't Col. Davis is beat in Wake, and you may tell him so from

MANY DEMOCRATS.

Help the Needy.

Correspondence of the News.

RALEIGH, N. C., Oct. 28.

There is a family that lives on East Martin street by the name of Clarke, who are in very destitute circumstances. The head of the family, Mr. Clarke, was disabled in the Confederate army, and he is the father of four helpless children, who are now suffering for the want of food, clothing, and in fact, all necessaries of life. The mother is down in bed, and cannot walk a step, but she says she could get enough work to keep up the family if she could get about. Now I would ask a kind-hearted community to come to their relief. The lady seems to be of a very prepossessing nature, and it seems as if she worked herself into a decline. All people of kind dispositions will please send in contributions, which will be thankfully received at this office. "God loveth a cheerful giver." J. T. B.

Maj. Latham Injured.

Greenville Express.

Maj. L. C. Latham met with quite a serious accident. He was standing in front of horse when the animal suddenly sprang forward, knocking him down and trampling him under foot. The shoe of the horse cut an ugly gash in his leg, opening it to the bone and causing a very painful wound. He is doing well, though it will be some time before he can walk. He was to have begun his canvass in aid of Maj. Yeates only the day after, but is forced to give it up.

THE POISONING CASE.

Damning Evidence—Strychnine as the Murderer's Gift—A Plain Case.

Correspondence of the News.

FAYETTEVILLE, N. C., Oct. 25.

The Godwin case progresses with unabated interest. Not for years has there been a trial in this community exciting as much interest as this one. Godwin has the appearance of being very unconcerned, except when his counsel take a witness on cross-examination, then he watches and listens to every thing with apparent eagerness.

The first witness called to the stand was Eliza Beazley, half sister to the deceased Polly Blackmore. She testified that on the 10th of February, 1875, Godwin came to her sister's house, with whom she was living at the time, and commenced a conversation with Polly. He asked her out doors for a little chat. She went, and returned in about an hour. Godwin pulled out a bottle and gave all a drink. He went to Polly last, and remarked to her that he would only give her a small drink. She was well and hearty that day at dinner. After dinner he and Polly went out again, remaining about an hour. On their return Polly sit down before the fire, Godwin walking the floor in a very excited manner, and keeping his eyes on her. Soon after he retired, and was not seen again by this deponent until to day. A few minutes after his departure, Polly showed evident symptoms of illness, called for coffee and water, remarking to the family "I am done for." She asked if the drink the others took tasted bitter, was answered no! She commenced having fits from this time, her limbs become stiff and cold. She continued in this way until about sundown, when she died with the severest struggle.

The counsel for the defense employed every means in the world to extort something from this witness in order to benefit their client, but failed.

The next witness called was Josephine Howard, a daughter of the deceased. Her evidence was in substance the same as that of the preceding witness. This witness could not be swayed at all and from her the defendant's counsel elicited nothing.

Following her came William Howard, a brother of the preceding witness, and a son of the deceased, whose testimony was about the same as that of the others.

The evidence of Josephine Howard was the same in substance as all preceding testimony. The testimony of Penny Monroe and Charity Corbin was in effect the same as that above set forth. They were both neighbors of the deceased, were called in before her death, heard her dying declaration, to wit: "That Hansel Godwin had poisoned her and that she would soon leave this world."

Dr. R. R. Robinson, of this county, testified that he was present when the body of Polly Blackmore was exhumed, took the stomach out, tied both ends securely, saw an inflamed place on the lower part. He put it in a glass jar, and then sealed it, giving it to Mr. Winslow, the coroner of the county. After boiling or distilling the stomach, he applied the tests and found a considerable amount of strychnine, and in order to be more fully satisfied he used the frog test, that is he injected with a small hyperdemic syringe into a frog, a minute quantity of the fluid obtained from distillation, and from the effects the frog in a few moments died with convulsions. This points out strychnine as the means by which this poor unfortunate creature was destroyed. J. C. T.

The City Streets.

Correspondence of the News.

RALEIGH, N. C., Oct. 28th '78.

It will surprise people to learn that since 1865 the enormous sum of over $150,000 has been expended on our streets for wages and material; that is at the rate of about $3000 per mile; an amount sufficient to grade and pave every street and ally in our entire city. After the city was indicted at last court for unlawful roads, our board of Aldermen promptly put on an extra force to put the streets in a better condition, with what success everybody must be aware. With the exception of a few properly graded streets in the first ward, the balance of our streets are in a bad condition. The recently worked Blount street, especially in the northern section of our city, is worse than the worst county road, while Hillsboro street resembles the ocean in a stiff north wester and makes driving a dangerous and by no means pleasant experiment.

It is certainly strange that with a good quarry within ¼ of a mile of the city limits, there has never been a practical effort made to render our streets passable in wet weather, with the exception of the single instance where a former street commissioner paved a portion of Martin street and Exchange place. It would be far more profitable to our taxpayers if the entire street force, from Street Commissioner down to the last hand, be abolished, and every property owner compelled to keep the street in good condition in front of his property. Russia and the Ameer.

The Journal de St. Petersburg strongly recommends that Russia assist the Ameer of Afghanistan with officers arms and money to fortify the passes, on which Russia's position in Asia depends. It states that the Ameer has written to Gen. Kauffmann declaring that his hope is in him alone. The Russian press unanimously advise that indirect aid be given the Ameer.

A Hundred Negroes Hung.

The English steamer from St. Thomas, Oct. 17, has arrived at Havana. Advices from Santa Cruz represent that the condition of that Island since the insurrection is hopeless. About one hundred negroes have been executed, but the insurrectionary spirit remains alive. St Thomas has lost over $150,000 by the insurrection, while three millions would not cover the damage done in Santa Cruz.

The Doom of the Harem.

An incident illustrating the amenities of Oriental life is thus related by the London Truth: "I wonder how many men on board our fleet in the Sea of Marmora are aware that at the back of Prince's Island, not many years ago, the whole harem of the Sultan Selim were drowned, to the number of three hundred. The said Selim had been murdered by his nephew Mustapha, who in turn was murdered by his brother Mahmoud. This last was much attached to his uncle Selim, and he suspected that the women had aided his uncle's murder, or, at all events, had made no effort to save his life. Many of them were quite young, and the harem included both French, Italian and German girls. According to the order of this ferocious barbarian, each one was tied up in a sack, and the next morning at daybreak they were embarked in barges from the quays of the seraglio, and taken by the eunuchs to the place appointed, when they were successively thrown into the sea. Their screams were heard miles away, and some not only got out of the sacks, but threw themselves into the water and endeavored to swim to shore. They were overtaken by the guards and were killed, either by being run down or by being beaten on the head with the heavy oars."

PRESBYTERIAN STATE SYNOD.

Close of the 66th Session of the Synod of N. C.—Law for Protection of Sabbath called for,

Correspondence of the News.

GOLDSBORO, N. C., Oct. 28th '78.

The Synod met at 3 o'clock on Saturday and resumed the unfinished business of the morning, the report of the special committe on Evangelistic work. The Rev J Rumpler was added to this committee in place of Rev B L Ball, who has removed from the State. The next order was the report of committee on Desecration of the Sabbath, when the Rev E H Harding presented the following report:

The Synod of the Presbyterian church in N. C., in view of the fact that the railroads passing through our State, or operating in it, do habitually violate the sanctity of the Sabbath;—that the quiet of our towns and cities is disturbed and the feelings of our christian people are shocked and outraged by the loading and unloading the cars and continual running of trains;—and also that many are kept from church by being thus employed, and are compelled either to loose their place or dishonor the Lord's day;—in view of all this the Synod does respectfully and earnestly petition the Legislature to pass some laws preventing the deplorable defiance of God's Holy Command. The Synod would respectfully call the attention of the Legislature to the fact that some other States have laws upon this subject, and that our own State has laws protecting the Sabbath in other respects.

The Synod earnestly entreat the Legislature to respect the wishes of the christian people of this State, and to prevent by legislation this violation of the sanctity of the Lord's Day.

The Synod heartily adopted this memorial, and appointed as a committee to communicate this action to the Conference of the Methodest Episcopal Church South, and the Baptist State Convention, both soon to meet in the city of Charlotte, and to secure the co-operation of any other religious bodies—Rev E H Harding, Gen R D Johnston, Gen J A Young.

The Synod also appointed as a committee to present this memorial to the Legislature, Rev Jos M Atkinson, Chief Justice Smith and A M McPheeters.

The next order was reports of the agent of Foreign missions, which was ably discussed by Rev Dr Jos R Wilson, Rev John Douglas and Rev Jos M Atkinson.

There have been during the year about $4,500, contributed to this cause in the Synod—more than $600 more than was given the preceding year.

The Synod then adjourned to hear a sermon from Rev. John S. Watkins, of your city, which was an able and deeply interesting discourse. After the usual resolutions of thanks to the citizens of Goldsboro, and the railroads for their courtesies, and the editor of the Messenger for daily extras with proceedings of Synod, the Synod adjourned.

Spartanburg and Asheville Railroad.

The Charleston News and Courier gives rather a doleful account of the success of the Spartanburg and Asheville Railroad, about which so much has been said and written during the last few months. In speaking of the meeting of the stockholders recently held at Spartanburg, that paper concludes as follows: "We suppose the road will have to be sold at last, and the money already put into it lost. President Duncan is shipwrecked in sight of port.

CURRITUCK COUNTY.

The Waters Alive With Game—A Quadrangular Contest—For Reading Clerk of Senate.

CURRITUCK COURT HOUSE, Oct. 23.

The broad waters of Currituck Sound are now like an immense poultry yard, the cackle of geese, the quack of the duck, commingled with the plaintive note of the swan, begin to make one rub up his old gun, and smack his mouth in contemplation of canvass back and jelly and that necessary accompaniment, the Currituck yam potato.

Everything is quiet in the political field. The quadrangular discussion between the Congressional candidates amused our people much. Yeates acquitted himself in his usual eloquent and forcible manner, when he pictured to the people to the extreme mismanagement of the Republican party, and ventilated Joe. Martin, the regular Republican candidate. The people are ready, and will at the polls pronounce an anathema upon the man who dares to come into old Currituck to defend the cause of corruption. Chamberlain and Respass conducted the side shows, which afforded our people lots of fun. The negroes say their candidates agree with everything Mr. Yeates says and they don't like any such foolishness and don't much care to vote anyway.

I see from the News that several recomendations for the various clerkships have been made. We think Currituck's voice should be heard. The first Senatorial District has asked for nothing, and for her integrity is entitled to be represented in these appointments. Therefore I take pleasure in recommending for the position of Reading Clerk in the next Senate Mr. W. M. Bond, of Chowan county. Mr. Bond is a young man of unusual ability he is one of those unfortunate sons of the State who has no money, and is entirely dependent upon his own exertions, but in spite of his adversities he has elevated himself to an enviable esteem among his people. Mr. Bond's election to the position would give universal satisfaction. DEMOCRAT.

A Marine Monster.

The progress made in the use of torpedoes in naval warfare has already developed a new sort of vessel. The Hecla, of the British navy, is the first screw torpedo depot ship ever built. It is intended that this craft follow in the wake of a fleet, ready to launch her flotilla of torpedo boats. She is built of iron, and her length is 390 feet. She is armed with 64 pounder muzzle loading rifle guns, and is pierced with a broadside port on each side for discharging Whitehead torpedoes. There are facilities on board for making torpedoes. She will carry six second class torpedo boats, a 42-feet steam launch and a 27-feet steam pinnace.

"Do you know 'When the Swallows Homeward Fly?'" asked a young man of his "inamorata," as he leaned over the pianoforte. "Of course I do," she replied, in a voice as far apart as a barber's comb. "They fly home when they want their grub." And then she began to sing, "Would I were a bir-r-d."

A Sufferer.

San Francisco Letter.

"I am a yellow fever sufferer, and I went a four-bit dinner," said a red-nosed specimen, stepping into a Clay street restaurant. "But there is no fever in the city," objected the proprietor. "Exactly," blandly rejoined the gentleman, rubbing the aforementioned corner grocery sign with his forefinger, "exactly; but my wife resides in Memphis, and she is down sick with it, and is therefore unable to support me as usual. Perhaps your customers might like to club together," he continued, glancing roung pleasantly. When he picked himself up from the car track he felt as if the customers had indeed clubbed together—all together.

Cardinal Cullen's Death.

One of the most individual characters in the Roman hierarchy died Friday in Dublin. This was Paul Cullen, archbishop of Dublin, a cardinal there twelve years and now a little over 75 years old. Cardinal Cullen was a favorite son of the church from his youth, obtaining his education in Rome, and being at an early age appointed vice-rector of the propaganda college. He was shortly after made rector of the Irish college in Rome, and held that post for 18 years. Afterwards he was archbishop of Armagh and then of Dublin, and after holding the latter dignity for 14 years, he was in 1866 made cardinal, being the first Irishman who ever attained that rank in the church. He was always an extreme ultramontanist, and not entirely popular among his countrymen because they felt that at any time he placed the freedoom of Ireland beneath the interests of the church.

The New Pope Becoming Illiberal.

Chicago Tribune.

The new regime at Rome does not seem likely to help the Clericals in either France or Germany. Pope Leo XIII. was at first supposed to be a moderate, and likely to abate the extravagant pretensions of his predecessor and come to terms with the Italian Government and modern society. He has already, in his Encyclical, called for the restoration of the temporal power; and he has now gone further, and has given, in a letter to the Cardinal Vicar, as a reason for his not leaving the Vatican. the existence in Rome of Protestant temples and schools, and the godless schools of the municipality, in the midst of which he could not, he says, "attend, respected and tranquil, to the duties of his Pontifical ministry."

The citizens of Sabine Pass, Texas, are going to lay prominently before the next Congress their big project of building a great city, with the finest harbor on the Gulf coast and an entrance of twenty-feet of water.

NEW GARDEN FAIR.

Good Exhibit—Large Attendance—The Fruit Show.

Correspondence of the News.

NEW GARDEN, N. C., Oct. 26.

The seventh annual fair of the New Garden Agricultural Society was held at their grounds on Thursday last, October 24th.

This fair has always been the pride of the county, although strictly speaking it is a neighborhood fair—not being participated in by the county generally. It was originated by a few leading farmers in the New Garden neighborhood, and for four years held at the Quaker church; but it grew too large to be so circumscribed, and a joint stock company was formed, grounds purchased and a substantial building erected at New Garden Station, on the Salem railroad, seven miles west of Greensboro.

Quite a large crowd assembled on the grounds, and the display of stock, vegetables, &c., was all that its most sanguine friends could desire. The horses and mules were very fine. The cattle were also fine—especially the short-horn Durham. Among the sheep were Southdowns, Cotswolds, Leicester, and some crosses of each with our native stock. The display of poultry was very good.

The millet, orchard grass, corn, cotton, wheat, oats, and tobacco would have done credit to any fair; but the sweet and Irish potatoes, pumpkins, turnips, beets, mangel-wurtzel, onions, and carrots were better than usual,—so far superior to any at the State Fair (so the president said) that he procured samples to send to the fair at Charlotte.

The fruit was not equal to former years, because it was too late for a display of anything except apples, which crop was almost a failure this year. Still there were many fine apples, some extra large pears, and a basket of the finest late peaches ever exhibited anywhere.

The articles exhibited in the ladies' department were very creditable; but the display was smaller than usual.

The officers may congratulate themselves upon their success, and the result shows that the society acted wisely in its selection of such men as Dr. D. W. C. Benbow for President, Walter Hobbs, Secretary, E R. Williams, Assistant Secretary, and R. Wakefield, Treasurer.

The premiums were small, but all paid in cash. We had no side shows, or horse racing, but a plain exhibit of what had been done by the exhibitors.

Foreign Newspaper Suppression.

N. Y. Tribune.

Repression is the order of the day in Europe. In Spain an editor has been put in jail, and four papers have been suppressed. In Germany, the Socialist papers are striving to evade the Force bill by adopting other names, but as one of the first to appear with a new title has been suppressed there is little hope for the remainder. At Paris, the political enthusiasts who sought to hold a Congress have been sent to jail for six months or more, two women alone being acquitted. Russia falls also into line, and saves her Empire from destruction by restricting the sale of a journal whose editor has been favored with a first warning, for condemning Prince Bismarck's anti-Socialist bill.

California Millionaires.

New Orleans Democrat.

Four of the richest men of San Francisco and the Pacific slope have died during the present year and left about fifty millions of dollars behind them. This immense sum has been distributed equally or unequally among heirs and legatees, and made hundreds of people happy. The deceased millionaires were Mark Hopkins, William S. O'Brien, Michael Reese, and David D. Colton. Their wealth will now percolate through many channels and benefit its numerous recipients. In these cases the words of sacred Scripture are again verified: "He (the rich man) shall gather it for him who shall pity the poor."

ELECTION—TUESDAY, NOVEMBER 5TH.

Vote for Joe Davis.

The election is to-day week. Are you registered?

No candidate is safe till the vote is counted out. Every democrat is needed *at the polls next Tuesday.*

The only danger to our gallant democratic candidate in this district lies in the over-confidence of his friends. We must see to it that every democrat goes to the polls next Tuesday.

Republican bulldozing continues in Massachusetts. Republicans are discharging their employes in large numbers and turning them out of their houses because they express their determination to vote for Butler, and the system of intimidation seems to be very complete.

THE Buffalo Express proposes this conundrum: "Can a country be very 'hard up' which consumes 50,000,000 gallons of whiskey, 10,000,000 barrels of beer and 2,000,000,000 cigars in a single year?" No; and when there is added the cost of silks, diamonds, jewelry, wines and other useless expenditure, it forms an aggregate that quite astonishes those who really think the times are hard.

All the correspondents of the News are asked to make their letters short and pithy. The press of matter does not permit us to allow lengthy articles an insertion in their entirety, and they require to be carefully condensed. The failure to publish them as sent sometimes causes complaint, but no reasonable person can doubt the necessity or expediency of the plan of eliminating all that is in anywise superfluous.

THE negroes of the Third Virginia District do not intend to throw their votes away. It having been determined on the ground of expediency to make no Republican nomination against Gen. Joseph E. Johnson, an effort was made by the Radical leaders to induce the negroes to support Mr. Newman, the National candidate for Congress. This advice was not relished by those to whom it was addressed, and at a mass meeting of the colored people of this district it was rejected. The resolutions indorsed Gen. Johnson and pledged him the support of the colored people of the district.

The November elections are close at hand, and the Radicals are desperate in their efforts to secure a majority of States for 1880 in case the election of President should devolve upon the House of Representatives. The following States will vote November 5th: Alabama, Arkansas, Connecticut, Delaware, Florida, Georgia, Illinois, Kansas Kentucky, Louisiana, Maryland, Massachutts, Michigan, Minnesota, Mississippi, Missouri, Nebraska, Nevada, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Virginia, Wisconsin. These elections will settle the political complexion of the next Congress.

Telephonic Communication.

THE NEWS is glad to be able to announce to its many readers that it has concluded a contract with the Agent of the Western Union Telegraph Company by which a telegraph wire will be stretched and communication by telephone established between the NEWS BUILDING and the two halls of the General Assembly. This arrangement will continue during the session of the General Assembly, and will enable THE NEWS to receive and publish reports of any speech while being delivered. Practically it will be the same as if THE NEWS office was on the floor of the House. Members who may wish to be interviewed telephonically *a la Clingman* can be always accommodated at short notice.

Journalistic.

Our esteemed cotemporary, the Raleigh Christian Advocate, will, we learn, change hands on November 1st, the present editor and proprietor, the Rev. Dr. J. B. Bobbitt, having sold it to the Revs. W. S. Black and Frank L. Reid. Under Dr. Bobbitt's efficient management the Advocate has been a pecuniary success. It will, we are sure, not beallowed to deteriorate in the hands of the new editors and proprietors. The Rev. W. S. Black is at present pastor of the Edenton Street Methodist Church, in this city, and is decidedly one of the ablest and most popular ministers in the North Carolina Conference. We are glad to learn that his assumption of editorial duties will in no wise affect his continuance in the ministry where he is so much loved. It will only enlarge his sphere of influence and of usefulness. The Rev. F. L. Reid is ranked as one of the most talented of the younger ministers of the Methodist church, and is well known to our readers as the News reporter at the Methodist General Conference at Atlanta, in May last. His health has been such as to deter him of late years from serving in the itineracy.

The Methodist church is a great power for good everywhere, and we are glad to know that the organ of that church in North Carolina is to be committed to the care of such able, pure and christian gentlemen. The News welcomes them to the editorial fraternity with most cordial greeting and with heart-felt wishes for their success.

A Full Democratic Vote Necessary.

The re-election of Joseph J. Davis to Congress by a largely increased majority is certain, if a full party vote is polled in the District. His election can be imperilled in no other way than by indifference and apathy on the part of those who call themselves Democrats and yet fail to go to the polls and vote. The duty of a man in this respect, who professes to be in affiliation with the Democratic party, is so plain that it needs no enforcement at our hands. The value of a few votes, or even one vote, has been often demonstrated. We trust that it may not be said of the Democrats of the Fourth District that on November 6th, 1878, they failed in their duty.

It would be an inexcusable calamity if Mr. Davis were to fail of an election on account of a falling off in the Democratic vote. So far as he is concerned, he has made a thorough and faithful canvass of the District—he has done his whole duty, and it now rests with those who made him their candidate to determine whether or not he shall continue to represent them in the House of Representatives. The enemy can do nothing unless we open the breach—they hope for nothing save a small Democratic vote, knowing that whether it rains or shines, the negro will be at the polls and vote the ticket that is placed in his hands by the Republican manager, without inquiring what name may be upon it. Those few misguided men who claim to be Democrats, and yet are seeking to destroy the party organization by supporting Turner, are powerless to prevent Mr. Davis' election, unless we aid them by our own apathy.

It is whispered that the candidacy of Wiley D. Jones is the result of a concerted movement among the Republican leaders in the various counties in the District, who hope to throw very nearly the solid Republican vote for him, and that he may possibly be elected if the Democratic strength in the District is materially whittled down by the loss of those who will vote for Turner or not vote at all. Already Jones has received assurances from some counties that he will poll the full Republican vote. He is evidently relying in all his calculations of success, upon a heavy reduction of our vote. We regard him really as Mr. Davis' opponent.

It is apparent that Mr. Turner will receive a very slender republican vote, if he gets any at all. We should not be surprised if he was even abandoned by Young and Badger, his professedly faithful sponsors, who brought him forth so carefully and have nursed him so tenderly. He is evidently doomed to receive positive proof of the worthlessness of Republican promises. He must have been demented to have ever put faith in them. Those who vote for him will cast half a vote for Wiley D. Jones, of Kirk-court-martial memory. Let this be remembered.

We call upon every democrat in the District *to vote.* It seems strange to us that it should be necessary to remind a man who professes allegiance to the Democratic party of his duty to vote for its nominee, and particularly for a man of such unsullied worth as Joseph J. Davis. It is an obligation so clear and potent that its observance should be spontaneous. But we have heard that in some portions of the District the Democrats are indifferent, and it is feared our vote will fall short. We hope and believe that such will not be the case. We can not be persuaded that the Democrats of this Congressional District will fail in their duty. They have always been loyal and zealous—they know that it is necessary that every vote shall be polled—they know their duty, and we are willing to trust them to perform it.

Though Shaking Like an Aspen Leaf

With the chills and fever, the victim of malaria may still recover by using the celebrated specific, Hostetter's Stomach Bitters, which not only breaks up the most aggravated attacks, but prevents their recurrence It is infinitely preferable to quinine, not only because it does the business far more thoroughly, but also on account of its perfect wholesomeness and invigorating action upon the entire system. This is confirmed by concurrent positive and ample showing the decisive nature of its effects, and that it is no mere palliative. Physicians concede its excellence, and there is a constant influx of communications from persons in every class of society avouching its merits, and bearing witness to its superiority over other remedies for malarial disease. It is especially popular throughout the West, where ever fever and ague prevails, as it does in many of the fairest and most fertile portions of that vast region.

VEGETINE.

I will try Vegetine. He did AND WAS CURED.

DELAWARE, O., Feb. 16, 1877.

MR. H. R. STEVENS:—

Dear Sir,—I wish to give you this testimony, that you may know, and let others know, what Vegetine has done for me. About two years ago a small sore came on my leg; it soon became a large Ulcer, so troublesome that I consulted the doctor, but I got no relief, growing worse from day to day. I suffered terribly; I could not rest day or night; I was so reduced my friends thought I would never recover. I consulted a doctor at Columbus. I followed his advice: it did no good. I can truly say I was discouraged. At this time I was looking over my newspaper; I saw your advertisement of Vegetine, the "Great Blood Purifier," for cleansing the blood from all impurities, curing Humor Ulcers, &c. I said to my family I will try some of the Vegetine. Before I had used the first bottle I began to feel better. I made up my mind I had got the right medicine at last. I could now sleep well nights. I continued taking the Vegetine. I took thirteen bottles. My health is good The Ulcer is gone and I am able to attend business. I paid about four hundred dollars for medicine and doctors before I bought the Vegetine. I have recommended Vegetine to others with good success. I always keep a bottle of it in the house now. It is a most excellent medicine.

Very respectfully yours,
F. ANTHONI.

Mr. Anthoni is one of the pioneers of Delaware, O. He settled here in 1834. He is a wealthy gentleman, of the firm of F. Anthoni & Sons. Mr. Anthoni is extensively known, especially among the Germans. He is well known in Cincinnati. He is respected by all.

IMPURE BLOOD—In morbid conditions of the blood are many diseases; such as saltrheum, ring-worm, boils, carbuncles, sores, ulcers and pimples. In this condition of the blood try the Vegetine, and cure those affections. As a blood purifier it has no equal. Its effects are wonderful.

CURED HER,

DORCHESTER, MASS., June 11.

DR. STEVENS:

Dear Sir,—I feel it my duty to say one word in regard to the great benefit I have received from the use of one of the greatest wonders of the world: it is your Vegetine. I have been one of the greatest sufferers for the last eight years that ever could be living. I do sincerely thank my God and your Vegetine for the relief I have got The Rheumatism has pained me to such an extent, that my feet broke out in sores. For the last three years I have not been able to walk; now I can walk and sleep, and do my work as well as ever I did, and I must say I owe it all to your blood purifier, Vegetine.

A CERTAIN AND SPEEDY

CURE FOR SCROFULA.

FACTS ARE STUBBORN THINGS!

A BRIEF HISTORY:

The following is from the Raleigh News, and was a voluntary insertion and not an advertisement:

"Years ago an old Indian left a receipt for curing Scrofula with Mrs Person's father. Mrs. Person lives in Franklinton, or in that section. A child was born to Mrs. Person, and it had the Scrofula. The doctors gave it up to die. She thought of that receipt, that was now old and musty, and hid away in an upstairs drawer. She concluded if the child was bound to die, it wouldn't hurt to follow that receipt. She went out and gathered the herb, got the whiskey, and did as directed to the child. Her child now lives well and hearty. More than this: Only a few months since a South Carolinian, whose name has slipped us, was suffering with some scrofulous affection on the heel He had been to the Hot Springs in Arkansas, and from there he went to Kittrell Springs. Not finding did him any good. At Kittrells they told him of Mrs. Person's recipe, and Dr. —— wrote to Mrs. Person if she cured that South Carolinian her receipt was worth money. And the South Carolinian sent her word if she cured him he would give her five hundred dollars. She sent him directions what to do, and added if they cured him he could send her twenty-five dollars; she wouldn't ask five hundred. The South Carolinian went home, and shortly afterward sent Mrs. Person a check for twenty-five dollars, and wrote the most grateful letter he knew how. Bless those old Indians. We would like to have one for a near neighbor."

UNEQUALLED AS A BLOOD PURIFIER.

MRS. JOE PERSON:

The medicine I purchased of you last winter proved of lasting benefit to my son, who was troubled with twenty-five running sores, some of them quite large, and of a scrofulous nature. In less than three weeks after commencing the use of your remedy, he was perfectly restored, and is to-day quite sound and healthy. As a TONIC AND BLOOD PURIFIER IT HAS NO EQUAL. Hoping that you may be spared for many years of usefulness, I remain,

Very respectfully,
T. I. STOKES.

Louisburg, N. C., May 22, '78.

AS A TONIC AND ALTERATIVE

Being desirous of adding my testimonial to others, concerning the merits of Mrs. Joe Person's Remedy for Scrofula, I take pleasure in saying that as a tonic and alterative I do not think it has an equal. I have fairly tested it, and after trying Vegetine, Sarsaparilla, Vinegar Bitters, and various other remedies, I have no hesitation in pronouncing it far superior to any TONIC I have ever used. When I commenced using Mrs Person's Remedy I was very weak, complection sallow, and now I am WELL.

Respectfully yours,
MRS. J. L. BROWN
Sept. 26 1878.

THREE CHILDREN IN THREE WEEKS.

CASTALIA, N. C.

MRS. JOE PERSON:

Dear Madame—Your letter has been received, and on account of being absent from home for a week or two, have not had the opportunity to answer it. I certainly will take great pleasure in doing all that is within my power towards getting you patients for treatment of Scrofula. I hardly know how to express my gratitude to you for curing my three little children. They took medicine from my family physician for about two years, with scarcely any relief at all. I tried your remedy, and in less than three weeks they were all perfectly cured, and have never shown any sign of breaking out again. I feel very thankful to you. I can safely say that I believe your remedy to be a certain cure for Scrofula. If I can ever be of any service to you in any way, I want you to be sure and call on me. Yours truly,

WM. H. ARRINGTON.

"It will Cure if Fairly Tested."

It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After returned from the Institute I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spiritedness fled before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sore in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the cure already made would commence to retrograde, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience, and not from hearsay. I am a grateful recipient of a cure from the use of it and I am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, is my advice.

I am, respectfully,
JAMES A. MORRIS.

KITTRELLS, N. C.

My receipt for the cure of Scrofula has been tried by me with the most unprecedented success for the last twelve years, and I have no hesitation in recommending it as a sovereign cure for that disease and as a general Tonic and Blood Purifier. It is everywhere giving perfect satisfaction, while my experience with it is too limited for me to specially recommend it for other diseases, I believe it will ultimately prove to be of benefit in all cases arising from impurity of the blood and probably for other diseases

A CASE OF CANCER.

FAYETTEVILLE, N. C., Aug. 12, 1878.

MRS. JOE PERSON:

Dear Madam—I have been using your Remedy for scrofula over five months as an experiment for cancer. The cancer is of long standing, the doctors have been treating it, more or less, for twelve years. It has taken off my upper lip and a good part of my nose. When I began to use your Remedy it was growing rapidly worse, but the medicine seemed to check it very soon, and it has not made much progress since, except about two months ago, the medicine gave out, and I was without several days. It then seemed to start anew, and grew worse very fast, until I had taken the medicine about a week, since then it has not changed much. I think if I could have had the medicine soon enough, it would have cured me.

For more than a year before using your medicine, I was troubled very much with a disease of the heart, an irregularity in its action. It would miss every third beat for hours, then at other times it would increase in its action, and run up to 200 beats per minute. Since using your medicine I am almost entirely relieved of this, rarely feel it, and then not enough to speak of it. I would recommend any one suffering with heart disease to try your medicine. As a Tonic and Alterative, I do not think it has any superior I have been using all the most powerful Alteratives known to the medical profession for the last 12 years and I know of none superior to this. I think your medicine is destined to be a great blessing to the afflicted. Let every one that needs a Tonic or an Alterative give it a trial, and I do not think they will be disappointed.

Very truly and Respectfully,
J. HN BLUE, Box 141,
Fayetteville, N. C.

Burned by Powder.

Yesterday some lads had a lot of powder in a hole in the street. Fletcher, a son of Mr. S. L. Riddle, walked up and stood over the place, to look at it, when some one threw a lighted match on the powder, which blew up, badly burning young Riddle's face and one of his hands.

Enterprising.

The NEWS, endeavoring to maintain the reputation it has already borne of being one of the most enterprising of the Southern dailies, has concluded a contract by which a telegraph wire will be put up between the NEWS editorial rooms and the two halls of the General Assembly, for communication by telephone, which will be maintained during the session of the General Assembly.

Death of Mrs. Jones.

On Sunday morning after a lingering illness, Mrs. Mary C. Jones, wife of W. H. Jones, Esq., expired at her home on Fayetteville street. She was a lady greatly beloved, and her death will be sincerly regretted by her many relations and friends here. The funeral services will be held from Christ church this afternoon at 3:30 o'clock.

Be Brief.

While returning thanks to its correspondents in the various sections of the State for their news letters the NEWS must needs ask all of them to make their letters pertinent and brief. The space is necessarily limited, and all matter of great length has to be boiled down. Such condensing gives trouble and often causes complaint for the writers.

Funeral of Mr. Fisher.

The funeral of the late Mr. Jeff. Fisher was held from the Salisbury Street Baptist church Sunday afternoon. The great crowd filled the building to overflowing. The services were impressive, the vocal and instrumental music being grand. The sermon was delivered by Rev. T. H. Pritchard. The remains were attended to their resting place in Oakwood cemetery by a great number of persons in vehicles and on foot.

Her First Train.

On Saturday last a venerable lady, who resides in a dark corner of this county, came into the city for the first time. She had never in her life seen an engine and cars, and was wild for a look at the almost dreaded curiosity. When she came to a point near the railway, she heard a whistle, which her husband told her was the scream of the engine. She frantically begged him to get out of the buggy and head off the train to stop it. He told her he could not do this, but drove with all speed close to the track that she might see it. As the puffing monster went by, the lady fainted dead away from fright.

State Board of Health.

The Board met at the office of Dr. Hines in this city, at 12 o'clock M., on Wednesday, October 16th. Dr. S. S. Satchwell, President in the chair. Among other resolutions passed by the Board, was this one:

Resolved, That each member of this Board and all the Physicians in this State, be requested to submit to the President, such suggestions as they may deem of importance to the health and benefit of the citizens of this State, for the information of the Legislature. After the discussion of various and important topics, concerning the health of the people of the State, the Board adjourned, subject to the call of the President.

Carolina Fair Association.

On the 12th, 13th, 14th and 15th of November an annual fair will be held at Charlotte, under the auspices of this association. Much preparation is being made to render the exhibition one of the finest ever held in the State, and all the energy of Mecklenburg and sister counties is being brought to bear to make it such. The receipt of an invitation is acknowledged. Mr. J. S. Myers is President, and Mr. D. P. Hutchison, Secretary.

Department of Agriculture.

The second quarterly report of the Commissioner of Agriculture is out. A portion of the report is given to the sale of fertilizers and their analyses, and says the details arranged by the Department for regulating the analyses and sale of fertilizers have not only proved effective in accomplishing the designs of the Act, but have been alike satisfactory to the farmers and manufacturers.

In regard to the propagation of fish the report goes on to say:

"Whatever of incredulity may have existed among our people as to the practicability of re-stocking our streams with fish by means of artificial propagation, has been dispelled by successful demonstrations in our experiments during the past season. Our ability to perform this important work is no longer questioned, and with effective laws for the protection of the fish we may confidently hope for the best results. The rapidity with which many of our smaller streams are filling up, and the erection of dams which obstruct the passage of fish, will force us, in future, to look to our lakes, bays, sounds and rivers for our chief supply. This being so, a just regard for the interests of the public will demand such legislation as will foster and protect the work and secure to our citizens a full share of its benefits."

There are 83 counties represented in the museum. In view of the importance of a special annual exhibition of the collection, it is suggested that a suitable building be erected for that purpose.

In regard to the Immigration question, Commissioner Polk says:

"Our correspondence, which embraces nearly all the Northern and North Western States, Canada, and some of the European countries, indicates a growing interest and enquiry among those people in regard to the South, and particularly North Carolina. I am convinced that only two things are now necessary for our State to secure any desired number of immigrants—information in regard to our people, our state of society, our resources,—and favorable rates of fare on lines of transportation. It would doubtless be a matter of astonishment to our people to see *how little* is known of North Carolina abroad, as revealed in this correspondence, and every letter almost (and hundreds are being received at our office) impresses me more and more with the great importance of advertising more effectively, the advantages and attractions of our State."

The State Sunday-School Convention.

There was quite a large meeting of Sunday-School workers at the First Baptist church on Sabbath afternoon, presided over by Mr. Wm. S. Primrose. There was also an important meeting yesterday afternoon, to make arrangements for the first State Sunday-School Convention, which promises to be one of unusual interest, and it is expected that there will be two or three hundred delegates present. Below is given the programme for the Convention. This is merely the outline of the work to be done, the discussions on the Sunday-School Institutes and Normal classes to prepare teachers for the Sunday international lesson work. The committee on hospitality, are:

P F Pescud, Sr.,	John Armstrong,
J G Brown,	W E Pell,
A M McPheeters,	S W Whiting,
N B Broughton,	V Ballard,
A D Taylor.	

The Delegates will be entertained by the citizens, and the committee will be glad if such as can assist in entertaining, will notify them. The importance to the State of this organized movement in the great Sunday-School work can not be over-estimated.

He is a northern man, and is acquainted with all the ins and outs of the business; knows the manufacturers and all about their goods. DRIVING OVER A ROUGH ROAD last winter, one of my horses becam suddenly very lame—a bad sprain of the right ankle. Applied all the remedies I knew of and those suggested by horsemen, without any benefit. The horse was entirely useless for two months, and thought him permanently disabled. Giles' Liniment Iodide of Ammonia took away the lameness and restored him.

JONES' BAKING POWDER

FOR SALE BY ALL GROCERS.

We ask all cooks, housewives, and the general public to give our goods an impartial trial. This Powder is carefully prepared upon scientific principles—the result of long and careful experiments and tests in chemistry. In its proportions and compounding it is the perfection of science, and is recommended by the leading Chemists in the United States, whose certificates we have. It is perfectly pure and wholesome, and saves time, labor and money to every consumer. It stands unrivaled; we challenge the world to produce better pure and more wholesome goods.

REASONS WHY IT SHOULD BE USED:

A BARREL OF FLOUR MAKES ABOUT 40 POUNDS MORE BREAD
IT NEVER FAILS AND ALWAYS PLEASES THE CONSUMER.
IT IS THE PERFECTION OF SCIENCE IN COOKERY.
IT IS A COMFORT FOR EVERY HOME.
YOUR BREAD WILL NEVER BE SOUR.
YOUR FOOD WILL BE THE BEST.
YOUR BREAD WILL BE WHITER AND RICHER.
YOUR HEALTH WILL BE PRESERVED BY ITS PURITY.

WARRANTED TO KEEP IN ANY CLIMATE

We do most earnestly caution consumers of Baking Powder against using adulterate and cheap goods, as no good and pure Baking Powder can be sold for less than ours.

An analysis of the cheap clap-trap spurious adulterated goods called Baking Powder, would startle the community of consumers beyond precedence, as most of it is not fit for use, and would not be allowed to be sold were the laws enforced; yet goods of this kind are manufactured and sold by dealers because offered cheap by unscrupulous manufacturers. We caution those who value health, and appreciate good, wholesome living to buy only Pure Baking Powder. Jones' Unrivaled is such. It is an established article throughout the West and South, and is recommended by the highest authority for Purity and Strength.

All first-class storekeepers have it because it is pure and can be relied upon, and is a credit to their stock.

Merchants are authorized to warrant our goods where directions are followed

Our statements are correct and are backed by chemists of note and experience, and we hold ourselves ready to prove our assertions.

We are offering goods of undoubted purity, which are in their compounding, as we claim "UNRIVALED."
